

Non-opening basic window

PGX A1 is an incredibly fashionable solution for both new homes with flat roofs and existing properties considering an extension. Thanks to the frame made from PVC, this window is incredibly resistant to any weather conditions and does not need any additional maintenance. It is ideal for rooms with a high humidity level such as kitchens, bathrooms and laundry rooms. The toughened external pane and inter-pane laminate ensure the best level of safety. PGX A1 provides outstanding and glamorous lighting, makes the room amazingly unique and, at the same time, maintains really high thermal parameters.

Suitable for each
and every room

PGX A1
